

Aspiring Local Leaders of Mathematics Education (LLME) Programme

This programme has been designed for mathematics educators who wish to be involved in supporting the development of teachers of mathematics within and beyond their own setting. It will provide an opportunity to look at how the Maths Hub network operates. The structure for the London North East Hub, how it works inline with it's vision and values, and is linked to the NCETM and DfE.

Professional Learning and Practice:

- ▼ Develop knowledge of the 5 BIG ideas for Teaching for Mastery and how this supports practitioners thinking around TFM
- ▼ Understand and navigate the NCETM Professional Development Materials
- ▼ Understand the Maths Hub Network structure and how this links with NCETM and DfE
- ▼ Consider how the Professional Development materials can be translated into CPD for individuals or groups
- ▼ Design lessons using the Professional Development Materials
- ▼ Shadow delivery of CPD within the Maths Hub network and reflect on the 5 BIG ideas

Thursday 4th March 3:30 – 5pm
Wednesday 28th April – 3:30 – 5pm
Wednesday 26th May – 3:30 – 5pm

Sessions will take place via Zoom

Structure

	Session	Intercessional Learning
Session 1 – Autumn 2 1.5 hours	<ul style="list-style-type: none"> - What is a Maths Hub? - How does the MH network operate? - Structure of LNE - Vision and Values - 5 BIG ideas for Teaching for Mastery 	Attend a Work Group either remotely or in person. Analyse where the 5 BIG ideas come through in the Work Group session content.
Session 2 – Spring 1 1.5 hours	<ul style="list-style-type: none"> - Feedback on intercessional learning - Exploration of the PD materials - Lesson study of a lesson planned from PD materials - DfE Curriculum guidance – PD materials – lessons 	Plan a lesson using the PD materials. Look at the small steps in learning and be prepared to talk about these in the next session.
Session 3 – Spring 2 1.5 hours	<ul style="list-style-type: none"> - Feedback on intercessional learning - Discussion of PD materials usage for CPD - Review CPD session from last session - Plan own school based CPD collaboratively 	Deliver CPD in school
Summer 1 30 mins	<ul style="list-style-type: none"> - Feedback on CPD - Evaluate learning - Plan for next year 	

Who can apply?

This project is aimed at mathematics educators who wish to be involved in supporting the development of teachers of mathematics within and beyond their own setting.

Covid-19 Recovery

The school year 2020/21 will be substantially affected by the impact of the coronavirus outbreak. The knock-on effects on school life and teachers' working lives can't be predicted with any certainty. So, all Maths Hubs work will be flexible and adapt to changing realities. There's likely to be more live online collaboration, often including use of video, for example.

In addition, Work Group content will be adjusted to address schools' recovery from coronavirus-related disruption alongside work on the central maths subject matter of each project.

To apply, please use the booking form [here](#)
