

Monthly Strategic Meetings with our Headteacher Advocate

How can head teachers make strategic use of Maths Hub support to impact on the quality of maths education?

Head Teacher Advocate, Ian Bennett, hosts monthly “ Fireside” informal advocacy and strategic meetings for fellow head teachers and their maths leaders.

Each Fireside Chat will include the opportunity to observe live teaching and discuss maths with other head teachers.

We encourage maths leads to attend with their head teachers.

Fireside Chats are suitable for head teachers of schools engaged with the Teaching for Mastery programme as well as head teachers who are considering adopting a mastery approach in their schools.

Come along to one or all five of our Fireside Chats!

- **Wednesday 28th September 10am-12pm** Preparing pupils for the KS2 SATs reasoning paper
- **Wednesday 19th October 10am-12pm** Preparing pupils for the Y4 multiplication check
- **Wednesday 30th November 10am-12pm** Fluency at KS1
- **Wednesday 18th January 10am-12pm** Supporting lower attainers
- **Wednesday 22nd March 10am-12pm** Challenge in the Mastery Classroom

How do we book on the sessions? Send an email to admin.downshall@redbridge.gov.uk and request a place on the Fireside Chat that is most appropriate for your school. Leave contact details and someone will be in touch to discuss availability and further information.
