

# Mastering Number at Reception and KS1

Fully funded  
by the DfE

This project aims to secure firm foundations in the development of number sense for all children from Reception through to Year 2. The aim is that children will leave KS1 with fluency in calculation and confidence and flexibility with number.

The short videos (scan or click on links below) give a flavour of Mastering Number. The teachers explain how the programme has benefited all pupils in their classes, providing firm foundations for later work in maths.

NCETM's Mastering Number Programme is **recommended in Ofsted's latest report**: Coordinating mathematical success: the mathematics subject report, 13 July 2023  
'an example of good practice in early maths'

'The use of mathematical language is so impressive. Parents are amazed!' **NCETM Mastering Number Evaluation Report 2023.**
