

# Primary Teaching for Mastery Sustaining Launch

## Leaders as Learners

The London North East Maths Hub is delighted to invite you to the launch of the 24/25 Primary Teaching for Mastery Sustaining Pathways. Our distinguished guest speakers include:

**Dr. Julian Grenier CBE**

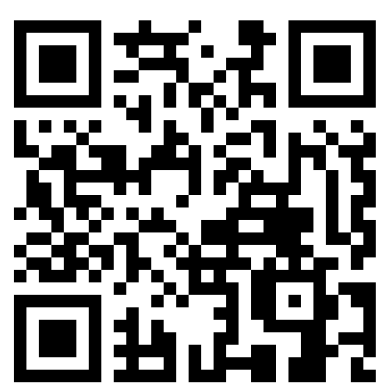

**Dr. Debbie Morgan CBE**

### Together, we will consider

- How can we maximise the benefits of your chosen professional development pathways this year?
- How can we create and sustain effective learning environments for teachers, leaders, and pupils?

This conference is **exclusively for schools enrolled in the Primary Teaching for Mastery Sustaining 24/25 programme**. Due to anticipated high demand, we request that **only two participants from each school attend**. If, after you have booked, you find you are unable to attend for any reason, please inform us as soon as possible.
